The Rosatom Model

- Leading by example
- High standards embedded in working practices based on quality, targeted training and rigorous examination of achievement against published standards
- Output driven training
- Training programmes that reward achievement

- Working with professional bodies to ensure external monitoring of educational outcomes
- Using high standards to demonstrate commitment
- Facilitating open discussion through forums, meetings, seminars and dialogue with main parties

- Presented with the prestigious Employer of the Year award for 'introducing internal control and audit systems' by ICFM Royal Patron, His Royal Highness Prince Michael of Kent, for three consecutive years, 2011, 2012, 2013 at the global **Luca Awards** held every year in London.

ICFM and Rosatom - a partnership built from mutual respect, admiration and friendship
